[Correspondence of the N. Y. Tribune.

JERSEY CITY, Sept. 28, 1844.
We had a grand rally of the Whigs of Hudson county last evening at Harsimus. The number in attendance was variously estimated at from 6,000 to 8,000. Mayor Dummer opened with the control of the second of the sec an effective and brilliant sceech, and was followed by Mr. Betts, of Newark, who fixed the attention of the audience in a beautiful speech of half an hour. The glee clubs of New York and Jersey City were in attendance, and sang a number of appropriate songs, which were loudly applauded. William Norton, Esq, of the First Ward of your city, was then introduced to the vast assem-Mayor Dummer, and after three hearty cheers, addressed the meeting in a strain of elo-quence which drew out shouls of applause from the assembled masses. Mr. Norton concluded by asking the Whigs of New Jersey what majority they would authorize him to say to his brother Whigs in New York New Jersey would give for Harry of the West? He was answered by a thousand voices, "From 5,000 to 10,000." Mr. Norton, in concluding, pointed to a star-spangled banner that was waving over his head, and in the words of England's greatest hero, exhorted "every man to do his duty," and the country was safe. The immense assemblage then joined in procession, and marched with banners and music through the streets of Jersey City, striking terror in the ranks of the Locos who looked on in silent despair. Say to the Whigs of the Empire State that New Jersey is good for at least 5,000.

PENNSYLVANIA.

The Gettysburg Star says:—"From all quarters comes the cheering intelligence that the honest Farmer of Westmoreland, Gen. Joseph Markle, is gaining every day over the veteran office holder, Francis R. Shunk, and that scarcely a doubt now exists that Joseph Markle will be our next Governor. In our county, from every nook and corner, we learn that the honest Democrats-those opposed to an increase of taxation, are all rallying upon our candinate; and that on the night of the second Tuesday of October we may set down a tremendous majority against Francis R. Shuuk, the man who has held office for the last thirty-three years."

OUR NEXT ELECTION .- To our friends at home, we need say nothing. To our friends abroad we say, all is safe in Pennsylvania. Our intelligence cannot lie. This State is certain for Markle, by a majority varying slightly around 10,000. This we guarantee to the Whigs throughout the Union upon data that cannot deceive us. To our Whigs throughout the State, we say, be of good cheer-the victory is assured to you-you have only to go forward to the polls to receive it—that you will be there we know right well. Apathy is the enemy's general—our's is Markle. Pittsburg American.

F There was a heavy frost in Boston and its vicinity on Friday night. The thermometer fell below 32 deg., and ice of considerable thickness was formed. The Journal says that little damage was sustained in consequence of the forwardness of the season.

Clothing! Clothing!—Our new arrangement in the Clothing Department!—The very liberal patronage we have received since we commenced furnishing the public with Clothing at reduced prices, has induced us to extend our operations in that line. Having engaged Mr. Hughes as cutter and superintendent in that branch, and from his well-earned reputation as one of the most scientific mechanics in this city, we would inform the citizens of the District that we will furnish Clothing cheaper than ever, either ready made or made to order at short notice; which we warrant to give satisfaction in every respect, for cash only.

CLIREHUGH'S TRICOPHEROUS, OR MEDICATED COMPOUND, FOR THE CURE OF, BALDNESS AND GRAY HAIR.

THE TRICOPHEROUS or Medicated Compound is now asknowledged by thousands, who use it daily, to be the only remedy to prevent Baldness, and to restore the hair that has fallen off or become thin; to prevent Gray Hair; to cure and remove every appearance of Scurt and Dandriff from the hair, and to keep it in the most healthy, soft, and glossy state.

BALDNESS. Gentlemen whose hair has become thin, or fallen off from natural decay, the effects of fever, or other disease, or what may be termed constitutional predisposition to bald-ness, will by the use of this compound have their hair what may be termed constitutional predisposition to bald-ness, will by the use of this compound have their hair entirely restored. If faithfully and regularly applied when the hair first shows symptoms of decay, or after it has fallen off—no matter from what cause, he confidently assures both ladies and gentlemen, that the hair will never be lost, but will be restored to its natural healthy vigor.

GRAY HAIR.

GRAY HAIR.

At all ages the appearance of gray hair indicates a relaxed state of the nerves and blood vessels connected with the root. Numerous causes tend to influence the change of color—such as study, fright, fevers, long sickness, head aches, too great devotion to business, or the very common practice of wearing the hat within doors.—The progress of gray hair at all periods of life may, if attended to, be prevented, and those hairs that have prematurely changed may be again restored to their original color. To effect this end, it is recommended that at affitimes and seasons the head be kept cool, the hair cut rather short, the free use of the hair brush, evening and morning, and the application of this compound every evening for a short time will increase the activity of the skin, promote the circulation, and restore the nerves, bloodvessels, &c. to their healthy action. Persevere in this course, and the result is certain

SCURF AND DANDRIFF. SCURF AND DANDRIFF.

This compound is strongly recommended to keep the head entirely free of all Scarf and Dandriff. Nothing is more injurious to the growth or beauty of the hair, or to a healthy state of the skin. In all cases where the head is subject to it, or where it may have accumulated in the hair, one application will readily remove all appearance of it, and its occasional use will keep the hair clean, soft and glossy.

THE SUBSCRIBERS have now on hand, and will continue to receive, a superior article of ANTHRA-CITE COAL from John L. Butler & Co. This coal is mined near Wilkesbarre, Pennsylvania, and is known in this city as the celebrated Butler Coal, which has been highly recommended by all who have used it, as will be seen by the highly respectable certificates annexed:

I used coal last winter, which I purchased of Mesars. John Pettibone & Co., and it gave entire satisfaction.

W. W. SEATON.

PATENT OFFICE, May 31, 1844.

Gentlemen: The Coal that you furnished for the Patent
Office during this last spring proved very excellent; and
I used the same kind which was delivered at my house.
It proved in both cases highly satisfactory.

Messrs. J. Pettibone & Co., Washington.

OFFICE SECRETARY SENATE, June 1, 1844.

Messrs Pettibone & Co. furnished a small quantity of Coal for the furnaces of the north portion of the Capitol, and it was reported to be of a good quality. They also furnished at a reasonable price for my own private use, during the last winter, several tons of the same kind of Coal, and I was entirely satisfied with it, finding but little dust from its use, and but little else remaining than ashes, there being scarcely any clinker left. W. HICKEY.

WASHINGTON, June 25th, 1844.

Gentlemen: Having used your Coal, I can cheerful commend it as being of superior quality for easy ignition of could suffer y nurrows.

WM SKIRVING.

W. LENOX. MAY 31, 1844.

MAY 25, 1844. I purchased last year, from Messrs. John Petibone & Co., what he called the Butler Coal. I never used a finer article of fuel. When I can find the Butler Coal, I shall not inquire for any other kind, for I am persuaded there is none better.

MAY 25, 1844.

The purchased last year, from Messrs. John Petibone & Co., what he called the Butler Coal, I shall not inquire for any other kind, for I am persuaded there is none better.

DANVILLE, PENN. August 2, 1843.

I have bought of Messrs. Butler & Co some hundred tons of their Anthracite Coal, and sold to persons for different uses, and used considerable of it myself. For burning in stoves and grates, I do pronounce it as good Coal as I ever have made use of; and every person to whom I have sold the Coal say they have never used anything they liked better.

JOHN C. GRIER.

We can produce many other certificates in accordance with the above.
